Not all colours are available in all sizes. Please refer to chhpinepanels.com.au/colourpyne to confirm colour, finish and size availability.

SUBSTRATE

COLOURpyne® is available in a number of sizes and substrates. Some substrates, colours and sizes are made to order so longer lead times and minimum order quantities apply.

RESTRICTIONS ON USE

COLOURpyne Melamine should not be used in areas where it will be exposed to high moisture levels, for example, as wall linings for exteriors, for wet areas in regular contact with water, or for bench tops in kitchens and bathrooms.

EDGE FINISHING

COLOURpyne board can be finished with Melamine or rigid edgetape.

E0 CREDENTIALS

All COLOURpyne colours are available on lower formaldehyde emission level E0 substrate to contribute to superior air quality and a healthier working environment. All COLOURpyne MDF substrate is E0. COLOURpyne Particleboard E0 substrate is available made to order. Speak to your CHH Pinepanels representative for more information on the benefits of using COLOURpyne E0.

CHAIN OF CUSTODY

CHH Pinepanels uses PEFC Chain of Custody (CoC) certification to ensure that the vast majority of wood in COLOURpyne products is legally sourced from sustainably managed forests. Documentation is available at chhpinepanels.com.au

CLEANING AND CARE INSTRUCTIONS

Keeping your COLOURpyne® Melamine surfaces clean is easy. Regular cleaning simply involves wiping with a clean, damp cloth.

Stubborn Grease and Grime

To clean off grimy film, use vinegar diluted with water or Selleys Sugar Soap.

Spills and Stains

The most important thing is to catch the stain early. Wiping it with hot soapy water is the first thing to try, however for tougher stains we recommend trying:

wine	hot soapy water
rust	diluted vinegar or lemon juice
shoe polish	diluted vinegar or lemon juice
oven cleaner	hot soapy water
tea	all-purpose surface cleaner
foodstuffs	all-purpose surface cleaner
fabric dye	cold water, wipe dry, then use methylated spirits
felt pen	methylated spirits or acetone
paint/glue	acetone
heavy wax & grease	xylene
hair/leather dye	methylated spirits

- After using the solutions recommended above, always wipe with a damp cloth, then a dry cloth.
- Never use abrasive cleaners or abrasive cleaning cloths, such as wire wool scourer pads, copper cleaner pads or sandpaper, on your COLOURpyne Melamine surfaces.
- We also recommend caution in using bleach and alcohol-based cleaners. Dilute bleach (1 part bleach/ 3 parts water).

SAFE WORK PRACTICES

Work and storage areas should be well ventilated, and cleaned regularly. Wood dust should be removed by vacuum cleaning or by the wet sweeping method – not by compressed air systems. All sawing, sanding and machining equipment should be fitted with efficient dust extraction systems. Hand power tools should be fitted with dust bags. If skin irritations occur, long-sleeved shirts, trousers and comfortable work gloves should be worn. For respiratory protection,

respirators/dust masks should be worn. These should comply with AS/NZS 1716. Safety glasses should be worn when machining substrates. Eye protection must conform to AS/NZS 1337. As a reconstituted panel product made from wood, resin and wax, users should be aware that as with all wood and timber products, prolonged exposure to wood dust and/or formaldehyde from MDF or particleboard may be harmful to your health. For more information please refer to the relevant COLOURpyne Material Safety Data Sheet at chhpinepanels.com.au

MELAMINE

VERSATILE, DURABLE AND ULTIMATELY, JUST RIGHT.

COLOURpyne®

ELEGANT.

COLOURpyne® Melamine is contemporary design at its best. The sophisticated range of colours and woodgrains delivers an authentic appeal, in lightly textured and smooth, shiny gloss finishes to enhance both residential and commercial cabinetry applications.

PRACTICAL.

A pre-finished product that successfully delivers a cost-effective option for a modern look. COLOURpyne Melamine is a progressive approach to design. Characteristics selected with an eye for quality and permanence are balanced with an independence of spirit.

COLOURpyne® MELAMINE COLOUR RANGE AND FINISHES

Elegant, practical and versatile COLOURpyne® is a tough, scratch resistant surface which can be used on cupboards, shelves, pantries and cabinets, storage units, bathroom cabinetry, laundry cabinets, wardrobes, general shelving, and much more. Melamine technology ensures high quality, durable panels available in a variety of colours.

COLOURS

The COLOURpyne range features a palette of contemporary and classic prints from solid and special colours to authentic woodgrains, including leading edge colours featured in our Wilderness Series.

SURFACE FINISHES

Changing the look of your COLOURpyne Melamine can be as simple as changing the surface finish*.

Gloss: A smooth, shiny finish.

Décor: A lightly textured, orange-peel like surface.

Velvet: A delicate eggshell surface

* Not all colours are available in all finishes.

V = Available in Velvet Finish

COLOURS, PATTERNS AND FINISHES

Please refer to chhpinepanels.com.au/colourpyne to check colour and finish availability, and to view larger sections for true representation of design.

The colours shown are as close to the actual colours as the printing process will allow. Actual product samples should be viewed to determine true colours. Order free samples at chhpinepanels.com.au/colourpyne

It is normal for installed melamine to show minor colour variation from selling samples or minor variations

between production runs and dyelots. Our quality controls during the manufacturing process seek to minimise potential for variance and ensure any variation is within recognised industry standards. Colour appearance can vary depending on the type of light under which a sample is viewed and the light sources where the melamine is installed. Viewing of the sample at your residence and under as many different light conditions as possible prior to making your final decision is recommended.
