

# Master Oak

The Oak you love, But better

Master Oak merges the distinct beauty of original oak with the superior properties of High-Pressure Laminate (HPL). It offers enhanced scratch resistance, colorfastness, and effortless maintenance.

With a luxurious matt finish, Master Oak showcases a unique pattern that mirrors genuine oak. Its natural appearance is further enriched by the varied pore types and depth variations across the panel, providing an authentic, sophisticated look.

# Colour Range

Master Oak finishes are designed to bring out the best in any project, whether you seek the warm, inviting tones of Natural Oak, the rich and sophisticated hues of the deepest Brown, or the sleek and modern look of Elegant Black.

With Master Oak, you can trust that your project will maintain its stunning appeal, showcasing exceptional quality and style that endure through the years. Discover the perfect finish for your project with Master Oak, where beauty and durability meet.
